# FRA Regulatory Activity Update

**Q. What does it mean when a regulatory action is determined to be “significant?”**

**A.** Under Executive Order 12866, OIRA (OMB) is responsible for determining which agency regulatory actions are "significant" and, in turn, subject to interagency review.

- Have an annual effect on the economy of **\$100 million** or more **or** adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities;
- Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency;
- Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or
- Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive Order.
